Miraculous! Wonderful!! Extraordinary!!

Or Consumption Can be Cured! And we defy the whole world to produce such strong and undoubted testimony from men of such high standing as we have, in favor of Dr Rogers' Liverwort and Tar, It not only cures consump-tion, but breaks up the most distressing cough in a few hours time.

(Another remarkable cure of Consumption.

Mr. Gabriel Whitehead, of this city, was reduced so low that all his friends, and even his physicians,

had given him up to die.

Mr. A. L. Scoville:—As I owe my life to the use Dr. Rogers' Liverwort and Tar, I feel it a duty and shall without fear or delicacy give my testimony as evidence that others who may be afflicted with consumption or diseased lungs may know that this medicine is no humbug, but is worth ten thousand physicians' prescriptions for the disease for which it is recommended.

Last summer I was taken with a most distress

ing cough, and about the first of July my lungs were so diseased that I bled, in a short time several quarts of blood, which reduced me so low that all my friends and even my physicians, thought I must soon die with consumption. My brother, my business as well as ever.

I feel very thankful to the inventor of this medicine, for if it had not been for some all-powerful as any other (that can be made at one dollar) at medicine to have raised the matter and phlegm, and healed my lungs, I should, without doubt, now have been in my grave.

If any one will call on me, Catharine street,

square below Linn, I will give them the particulars, and refer them to numerous friends who visited me during my sickness.
GABRIEL WHITEHEAD.

Cincinnati, Jan 10, 1848. Sworn to and subscribed this 20th day of November, 1847. H. E. Spencer, Mayor of the city

I Statement of Hiram Cox, -

Late Professor of the Cincinnati Edectic Medical College, and a physician well known, who has an extensive practice, in relation to the cure of Miss Belt, after having been given up to die with the last stages of consumption, by a number of physicians. Mr. A. Scoville-Sir: However reluctant I have

been to permit my name to appear, attached to a certificate recommending patent medicines, nostrums or catholicums, I nevertheless think it my duty, not only to my patrons, but to the community and all affliced with diseases requiring cough medicine, to state that in three particular cases of incipient consumption: Miss Belt, step-daugher of Mr. John Carr, of this city, a Miss Burger, sister in-law of Mr. V. Wunder, butcher, and R. K Cox, one of our city council, that Dr. Rogers Compound Syrup of Liverwort and Tar, operated more like a specific than any remedy of a similar character, in its operation, that I have ever used in my pratice. One of the cases above, viz: Miss-Belt, appeared to be laboring under the last stage of scrofulous consumption, as pronounced by several physicians who were in attendance previous to my being called to treat the case. She is, at the present time, in the enjoyment of as apparently good health, and from appearances as likely to die with any other disease as any other young lady of this city. As it respects the health of the other cases, all the threatened premonitoty symptoms seems to have subsided from the use of a few bottles of the syrup above.

Very respectfully, H. COX, M. D.
